

### Science

This half term we will be looking at animals including humans. We will be focusing on the human body and how we use it. We will look at what to do if any of the body parts got broken. Also, the senses that go with them.

### English

We will be looking at adverts and creating our very own circus advert to persuade people to want to visit.

We will also create an invitation – inviting you to our circus too.

### Humanities

This term we will be looking at the circus. We will learn what a circus is and when the first one was discovered and who by. We will learn all about circus tours and how they travel up and down the country. We will also focus on the changes in them over time and the reason for these changes.

### Maths:

During this Term we will be focusing on these areas:

- Measuring lengths
- Measuring heights
- Weight
- Mass

### RE- Christianity

Why was Jesus welcomed like a king or celebrity by the crowds on Palm Sunday?

Should people follow religious leaders and teachings?

Are symbols better than words at expressing religious beliefs?

### ICT:

This half term they will focus on using mash cams.

The children will take a photo of themselves and transform into a clown. They will then use their keyboard skills to type up what they would say if they were a clown.

### Art/D&T

We will be focusing on formal elements of art.

This will include developing a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space.

### PE:

We will be focusing on Multi Skills. We will develop balance, agility and co-ordination, and begin to apply these in a range of activities using balls and beanbags.

### PHSE

We will be learning how to keep healthy and safe.
